These measures include making it mandatory for anyone under the age of 13 to provide proof of identity when signing up for a Roblox account. The report also stated that the company has a team of moderators who work with different groups such as parents and educators to monitor games and stop users from being able to access offensive content.

On September 8, 2021, ROBLOX released an update that added a "New Games" section to its website. This section is separated into sub-categories for ease-of-navigation and new content coming soon. This section also functions as a "curated library" with all games listed in a searchable manner (e.g., "roblox" will bring up any game about ROBLOX, but "roblox experiment" won't).

Here is where things get a little confusing but stick with me for a second and I'll link things together for you. When you get Robux gems and tokens from winning games, there is no value in the items you receive. There is no way to spend those items on anything in this game because they don't have any value. You can't sell them, you can't trade them for anything, they don't have in game money attached to them, etcetera.

On September 1, 2021, the game "Build a House, Build a Life" was unveiled. It was released on November 6, 2021. "Build a House, Build a Life" allows players to build their own dream house in the game with their own furniture and items.

Another really cool method that can be used by all of the players is by using the official roblox app. The steps are very simple and you can register your account easily by just providing your username and password. Once you have done that, then you can begin using the free robux generator that is provided in the application itself.

All you need to do is go to <https://www.roblox.com/my/tasks> and click on the 'Login' button in order to access the page (you might have to log out first). The game is not very challenging. Even though there are a lot of games available on it, there isn't much in the way of difficulty. This is a big negative in my opinion - especially for older kids who love to face tough challenges such as some video games on the market now which can sometimes be really difficult and where you have to wait for many hours in order to even pass the game. This might be a problem if you are playing with smaller children - some games on roblox are known to last for days or weeks before they finish. My 6 year old absolutely loves roblox and games like this are great for that age group. If you're looking to play with kids older than that then I'd suggest looking at something else. There is some violence in the game, but nothing major (for example you can only fight by swinging a sword or shooting a gun, rather than hand to hand fighting) and it's all in the context of a game. Overall we love it and it was worth the money!
