I saw that tons of people were posting on the forum that they want a new game to play not a great way to spend your time, like if the game was updated and you can play it again, or just say your opinion about what you would like to see in the next update because there are many gamemakers that ask for ideas on a game app idea. or have a contest for ideas.

As the economy is largely driven by player interaction, both positive and negative elements, this has led many players to claim that there is an inherent conflict of interest between game developers and users; in other words, "who pays gets spoiled?".

The third was a sports talk show called "Game Time" in which

users could discuss various topics pertaining to sports. In each of these shows, they would later add other people to the cast like WoodysGamertag in Game Time.

Because the codes were removed, many players are currently trying to figure out how to get free robux without getting scammed. Players who are too young to have an account and/or don't have a credit card can still get free robux by following these steps:

Spamming: Roblox has been criticized for its extreme amount of spam. Some examples include the "Free Robux" scam, where people are tricked into giving their username and password to a third party so that they can steal their Robux, and the "You Have Been Tricked" scam, which consists of the offender saying something along the lines of "DON'T TRUST. HE IS TROLLING ME."

This doesn't really have a name, in order to get free robux on roblox simply open the shop, buy one of the cheapest things that is available and then go to your inventory. You will notice that for some reason, you have been charged 2 tickets (which are used to place an item in the shop) and that you have 1 robux left.

Some people say that Robux takes too long to obtain in free roam, but with the new update, Roblox changed that by either allowing players to win a certain amount of Robux while playing a game or earn them by watching videos.

I just wish we could have stuff like spoons on roblox and we could make furniture like tables and chairs or a cabinet and some chairs for our avatar. Also I want to be able to make my own game make it like Roblox survival! Please please please update roblox so that we can have stuff like spoons and a table and chairs for our avatar thank you. When there is an update that takes away all the content from one of the games I played, it's sad because I enjoyed it... And other people enjoyed it too.

This may sound like a simple bug but there are so many people who want this fixed because it makes them very mad. When they are in a group with someone who they hate and they click the chat head and they try to type something and it doesn't show up. I know that there should be a way for them to see what they were typing but there is not. That's the only thing that bugs me about this bug because it makes people mad. If you want these bugs or glitches fixed or changed please comment down below.

Rated 4 out of 5 by Anonymous from Pretty Fun This game is fun and very addicting but would probably be more fun if you had a personal computer or notebook. And sometimes there are annoying adds but overall its a great game if you want to have some fun with your friends online.

Rated 5 out of 5 by Anonymous from Fun on Roblox Being able to build your own game with your friends on roblox is awesome. You can build anything you want including houses, cars and even animals. It will take a little while though but in the end it'll be enjoyable!

My parents really like Roblox and they think it's a great way for me to make friends. They think it's good that I'm able to talk to other people online, meet new people and talk to them offline as well. The game is very social, so they like it because I've made many great friends through playing Roblox. I really enjoy Roblox because it has helped me develop a lot of social skills, and it's also a game where you get to meet new people from all around the world. I will continue playing Roblox because it gives me the opportunity to have fun and make new friends.

There are many ways that one can use the free Roblox script and some include:

- Automating tasks to make the user's future activities easier. This is done through combining several programs for people who have multiple social media platforms like Instagram, Facebook, etc.
- Easy access to relevant posts for the user's activities including Facebook posts and other social media outlets. This is made possible since the user's feed will be full of relevant articles, which lead to increased engagement by other users.
- Helping users save time and energy from carrying out repetitive tasks all over again. This helps an individual save their time on different activity by having their schedules automated using a free Roblox script.

I love Roblox, but sometimes it's hard to keep the game up and you seem to be forced to buy certain games. I think there should be a better way of getting new people in the game and not having so many bad games out there. Everyone is trying to make money off of Roblox, which is good, but I just wish that they could make more updates for the games and keep them working properly.
